2019-2020 SPONSOR REQUEST

The 100% self-funded Warwick Valley High School Crew Team needs your help!

The WVHS Crew Team has won numerous gold medals over the course of the past 5 years at Scholastic State Championships in Saratoga and were the HVRL Champions in both 2017 & 2018! We are at a point where we need updated shells (boats) and erg equipment (indoor rowing machines) to train and compete at the next level.

The WVHS Crew Team is extremely fortunate to have two coaches that are world class rowing professionals from Greenwood Lake - a married team, the Codys. The coaches volunteer their time and share their love and dedication for rowing with the team throughout the entire year. Improving the teams equipment, purchasing new shells, and having an erg available at practice for each rower would ensure that each rower gets the training they need on and off the water.

Rowing is considered a club sport in the Warwick Valley Central School District, and as such Warwick Crew is 100% self-funded. The team relies on athlete rowing fees, fundraisers and donations to sustain operations which can easily amount to over \$15,000 per year in basic expenses without the consideration of new equipment - a used shell costs \$10,000 - \$15,000!

The WVHS Crew Team was founded in 2003 and is a competitive year round rowing program that welcomes all students from Warwick Valley High School, in Warwick, NY. The team practices on Greenwood Lake in the fall and spring. During the winter, indoor practice takes place on ergs at Warwick Valley High School.

Crew recognizes and promotes teamwork to achieve a goal (over individual achievement), promotes self-confidence, academic excellence, healthy living, leadership, and positive communication skills - all qualities that are extremely important throughout life and business.

Please consider donating to the WVHS Crew Team to help our student athletes reach their goals.

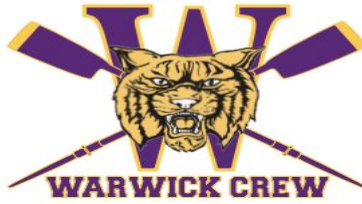

Enclosed you will find information detailing various sponsorship levels. The team is grateful for any support you can provide!
